

Terms & Conditions

Welcome to buildkaam ("Company," "we," "our," or "us"). These Terms & Conditions ("Terms") govern your use of our website buildkaam.com, mobile application, and all related products and services including:

Digital project management tools,

Subscription-based services,

Physical construction, renovation, and maintenance services, and

Customer support and after-sales services.

By registering an account, subscribing to our tools, or engaging our construction/maintenance services, you agree to these Terms. Please read them carefully before using our platform.

Scope of Services

We believe AI is the next big revolution in construction. From predictive project insights to smart resource allocation, we are continuously innovating to introduce AI-powered services that will redefine construction management and services which related to next gen AI.

1. Construction Management Tools

Digital dashboards for project planning, workforce tracking, and material estimation.

Real-time reporting, analytics, and data storage.

Software access may vary based on subscription tier.

2. Subscription Plans

Monthly or annual plans available.

Premium features include advanced reporting, unlimited project storage, and priority support.

3. Physical Construction & Maintenance Services

On-site execution of construction, repair, and renovation.

Customer maintenance and inspection services.

Services may be provided directly by buildkaam or by verified third-party vendors/contractors.

User Obligations

Provide complete and accurate details while registering on buildkaam.com.

Ensure lawful usage of our platform and services.

Keep account credentials confidential.

Not misuse services for fraudulent, misleading, or unlawful activities.

Payments & Billing

All fees are displayed at checkout before confirming purchase.

Subscription charges are billed automatically on a recurring basis unless cancelled.

For physical projects, payments are collected as per agreed milestones or contracts.

Taxes, duties, or government charges (if applicable) are borne by the user.

Service Availability & Liability

buildkaam strives to ensure continuous access to our digital tools. However, temporary downtime may occur for maintenance, upgrades, or unforeseen issues.

We are not liable for:

Delays caused by natural disasters, strikes, or government restrictions.

Work delays due to third-party vendors beyond our control.

Our liability in any case is limited to the amount paid for the service in question.

Intellectual Property

All software, tools, designs, and content on buildkaam.com are the exclusive property of buildkaam.

Users are granted a limited, non-transferable license to use the platform for their personal or business needs.

Copying, reverse engineering, or redistribution of our tools without consent is strictly prohibited.

Governing Law & Jurisdiction

These Terms shall be governed by the laws of [India]. Any disputes shall be resolved exclusively in the courts of [Nashik].
